

## TORs of Technical Working Group (TWG)

Members of the TWG will act as focal persons in their respective departments for preparation of concept papers to lay down the new role and responsibilities of the PLDs in post-devolution period as policy makers. They will support district governments / TMAs technically and administratively in carrying forward the devolution agenda for further decentralization of management and administration. They will:

- **Work** as a sub-committee to PSC on technical & budgetary matters of PSU/LSU
- **Act** as a bridge between DSSP and PLDs
- **Facilitate** institutional strengthening and capacity building of government line departments which they represent
- **Assist** institutional strengthening and capacity building at the local levels of the relevant district department
- **Make** recommendations on delegation of powers to Local Governments according to the spirit of the Devolution Plan
- **Put** together recommendations for removing inconsistencies within the devolved departments
- **Identify** clear strategies for restructuring of administrative and financial powers and remove hurdles in the exercise of these devolved powers
- **Contribute** towards the implementation arrangements of the programme
- **Give** recommendations on evolving public-private partnership at all levels with an end objective to improve social services delivery
- **Provide** their inputs on integration of CBOs in the service delivery system and prepare such Integration Plans so as to lay down premises for public-private partnership in education, health and water and sanitation sectors.
